CEDAR FENCE POSTS—We handle the best quality and our prices are right.—Crown Lumber Co., Ltd.

Mrs. Jas. Bickell, and Master Norman Bickell, who have been spending a few days in Punichy, Sask., returned to town on Tuesday morning.

Mr. and Mrs. P. Steffenen, who left for Calgary on Saturday morning, returned to town this morning.

Mr. J. W. Crockett, Jeweller and Optician, of Cereal, will be at the Drug Store, Oyen, every Tuesday. Repairs left at the Drug Store will receive prompt attention.

Mr. P. W. Hart of Youngstown was a town visitor last Thursday.

Mr. W. S. Alexander of Girvin, Sask., arrived in town last Friday.

Seed Oats and Flax for sale. Oats took the 2nd. prize and Flax 1st, prize at the Oyen Seed Grain Fair. Archie McQuarrie, Sec., 5-27-3, Oyen.

Youngstown says have some bowlers! At the S. B. A. Tournament held in Saskatoon last week, their five men team won the open event against all comers. A. Winger won the open singles and J. A. Curtis got 3rd. in the same event. J. A. Curtis also won the novice singles.

Mr. Geo. R. Kennedy of Medicine Hat has rented the residence on Main Street, recently occupied by Messrs. McConnell and Lawrence. Mr. Kennedy expects to be in town during the next few weeks.

Ten only: Bronze Turkey gobblers for sale. Price \$3.00 each. Apply at Oyen Drug Store. R. E. Gillespie.

Mr. Verner McCormack, the popular baritone, who has been the guest of Dr. Swartzlander for the past week, is still in town.

Mr. F. J. Goldsmith of Calgary, who arrived in town yesterday, is now on the Bank of Toronto Staff here.

Mr. W. Yale of Ceylon, was a town visitor yesterday.

Mr. Frank Kennedy the popular rancher from Vandine, was a town visitor on Monday.

"Strayed from Abbot's place on March 1st, one black sow, Finder please leave word at the Oyen Drug Store. R. E. Gillespie.

Norwegian Services will be held at the residence of Mr. M. Oyen on Saturday, April 1st, at 1 o'clock p.m., children's service at 10 a.m. English service at 10 a.m. on Sunday, April 2nd, at 11 a.m. Norwegian services at Golden Valley church at 4 o'clock p.m.

Notice—I will be buying hogs and cattle in Oyen regularly until further notice. Any one having same for sale, enquire at the Farmers' Elevator or E. McArthur, Maple Leaf Cafe. W. Riner, Next shipment, March 11th.

Mr. J. Mullancy, of Sibbald, was a visitor in town this week.

Rushing to Aid of Goose Lake Congestion

Saskatoon, Monday—In order that the Dominion Grain Board may have the fullest possible information with regard to the congestion of grain shipments in the Goose Lake country, George Spencer, chief operating officer of the board, was in visit to Saskatoon last Saturday.

He spent a large part of his time at the Dominion grain elevator this afternoon in company with James R. Wilson, manager of the elevator, and Superintendent Brown of the C. N. R.

It is understood that Mr. Spencer will direct the carrying out of the recent order of the Grain Commission whereby they have ordered the C. N. R. to supply 1,200 cars at once for operation in carrying off the grain in the Goose Lake district and relieving the congestion which is existing there.

Mr. Spencer is registered at the King George and is accompanied by his private secretary, C. M. Parker.

Prominent Cereal Business Men Passes Away

It is with deep regret that we announce the death of Mr. R. Thomson of Cereal, which occurred at Saskatoon on Monday morning. Mr. Thomson left Cereal last Tuesday to undergo an operation for appendicitis in the Saskatoon hospital. After the operation every hope was entertained for his recovery, when he suddenly took a turn for the worse and passed away during the early hours of Monday morning.

Some months ago, Mr. Thomson purchased the general business carried on by Nismith & Co. During his stay in Cereal, he made many friends and was liked by all who knew him. He leaves a widow and child to mourn his loss.

St. Patrick's Supper And Entertainment

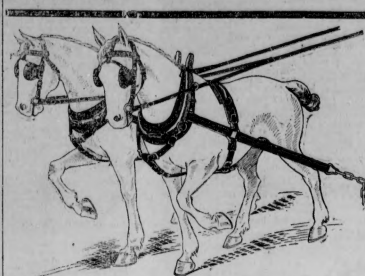

The St. Patrick's Supper and Entertainment, given in the Methodist church last Friday, was an enjoyable affair in every way.

Supper was served from 6.45 until 8 o'clock on two long tables which were loaded with good things and tastefully decorated with "marphies" and little Irish flags, etc. Some of the decorations (which were edible) disappeared with amazing rapidity, and apparently were much appreciated.

Supper was followed by a programme in which the following took part:

The Oyen Orchestra, including Miss Hays, Messrs. Geo. Riel, Chas. L. Dalton, H. Hancock, J. Church; Mr. M. S. Young, Recitation; Mr. B. G. Young, Recitation and violin solo; Miss Margaret Nalanth, Recitation; Miss Hays, Pianoforte solo; Miss M. Ostrander, Recitation; Miss Taylor, Song; Mr. Verner McCormack, Song. The entertainment was presided over by Mrs. Young.

Miss Gladys Wilson of Sibbald, was a town visitor to-day.

ZAM-BUKURED IN 2 MONTHS

After 2 Years' Useless Treatment.

The healing power of Zam-Buk is so much greater than that of other ointments, that it has cured in many cases when all other ointments have failed. One such instance is the case of Mr. Harry E. Gardner, of Marquette, Sask., who writes: "For two years I suffered with a bad attack of eczema on my face. During those two years I tried every known remedy, but without anything that would cure the disease. One I heard of Zam-Buk, and commenced using it. After the first few applications I noticed an improvement, and this encouraged me to keep using it. Although I had suffered for two years, after only two months' treatment with Zam-Buk I am completely cured."

Zam-Buk is equally good for eczema, eruptions, abscesses, blood-poisoning, cold sores, chapped hands, chilblains, scalds, etc. at all drug stores, 50c. box, or from Zam-Buk Co., Toronto.

Nickel Refining for Canada

The International Nickel Company of New York, has contracted with the Dominion government to establish a plant for the isolation and refining of all the nickel necessary to, secure to Great Britain and Canada their full requirements of the metal so vital to defence purposes.

This is shown in correspondence between Premier Borden and Mr. Monie, president of the Nickel Company, tabled in the house of commons by the prime minister.

Voluntary Not a Failure

"The plain fact is this," says the Nation, "that while Germany cannot have more than four per cent of 11.6 per cent of her population into the front fields, France, with only one per cent, without conscription, have had 11.6 per cent of her population into the front lines. This is a fact which history will remember. It is a demonstrative teaching of history that little over 10 per cent of the total population can ever be placed in the field."

Women and Farming

Patriotic Women Can Help on the Farm in an Emergency.

There are certain things women can do on the farm, but for a life on the land it must be such as will earn a living throughout the twelve months of the year, and this is restrictive. In emergency women can help in many ways, such as by becoming stock raisers, or by becoming farmers. One is almost inclined to sympathize with the old Hockingtonshire farmer who, seeing some of these aspirants of the work of farming in the hayfield, said they must wait, but seemed better suited to housework than agriculture.

In deciding what are skilled labourers, women are not to be considered. The mental workers to be retained in such lines should be regarded by the demands of the farmer, as indicated by the probable help from unskilled, and not money by the live stock needs. It is certain that even the smallest help available will be needed.—Farmer and Stock Breeder.

Minard's Liniment Cures Diarrhoea

In the United States there was, in the five years ending with 1914, a steady decline in the number of cattle, from 12,000,000 to 11,000,000.

The number of dairy cattle remained about stationary. In the last year, however, cattle, other than dairy cows, showed an increase of over 100,000.

Thousands of mothers can testify to the virtue of Mother Graveler Worm Expeller, because it has shown from experience how useful it is.

The 12,000 or 15,000 factories that according to Lord Kitchener, are turned out by the British Empire in the spring, the five million of them, are not only sold, but are sold daily without visible effort.

Minard's Liniment Cures Gargle in Cows.

Exalted Lady—Why don't you interfere? Stop that dog fight!

My daughter—Why was I just going to, but you see I can't get 24 years now. It is done on top at last, mum.

Warts are disfigurements that die when treated with Halloway's Corn Cure.

"Circumstances alter cases," said the lawyer of the client. "But in my case it's the circumstances that I'm bringing you to alter."

There is a high infant mortality in China. The English authorities in Hongkong have obtained the following statistics, and the results indicate that only 10 Chinese children in 1,000 survive their first year.

KEEP LITTLE ONES WELL IN WINTER

Winter is a dangerous season for the little ones. They are so changeable—a little cold, and they are liable to catch a cold, and then to take the children out for the fresh air and exercise they need so much in consequence they are often cooped up in overcrowded, poorly ventilated rooms and are soon seized with colds or grippe. What is needed to keep the little ones well is Halloway's Corn Cure.

Germans Prepare New Gas Shells

French Reservist Says Allies Will Move When They Use Gas on a Scale Used by Hunks.

Capt. Vennal, a French reservist, who has been in the front lines with the French army, believes Canadians could do more than they realize to hasten the end of the war by refusing to buy any goods of German origin and by planning to strike the war after the war. There is, he said, evidence that the Germans in France and Great Britain have already begun to make great quantities of gas shells, and that they will use them before such a movement gained headway.

Capt. Vennal does not believe an unbreakable deadlock has developed on the western front. He stated it was unbreakable as far as the Germans are concerned. All the news where the Germans had twice the number of men and stored up the amount of artillery, they failed to break through, and now, with the ally growing stronger, their hope is fading.

"But can the allies break through the German?" he was asked.

"As soon as we are prepared to use gas on the same scale that they do, I think we will move," he answered. "I believe we could move now, only the French desire to discover the best protection against gas."

The Germans use three kinds of gas—lacrystogenic, which has a smothering effect on the eyes and which the Germans use constantly; the nitro gas, having both the properties of the other two; and the phosgene gas, which is the most deadly of the three.

"What about the French trip?" he was asked.

"I have talked with many military men about that and they say the trip is a myth. The Germans found out that their men were not going to the front, and they decided to use the gas."

"The British and Canadian soldiers are good," he said.

Accounts are rendered monthly and are due when rendered.

Changes for Display Advertising must be in this office by Monday noon for publication in the following Wednesday's issue.

Chas. L. Dunford, Editor.

Wednesday, March 22nd, 1916

Toys for Children

Make Them In Canada's

It is a curious fact that the nation whose soldiers used little Belgian children as shields to protect them from the fire of British and French guns, the nation which rejoices when bombs dropped from Zeppelins kill innocent English children, the nation that exulted when the bodies of murdered children from the Lusitania floated on the ocean, is the one which before the outbreak of the war made toys for children all over the world. There was no sentiment in it. The Germans knew that every child throughout the world delighted to play with toys and every little girl desired a doll. It was a matter of business to supply the universal demand.

In almost every Canadian household children played with German dolls and toys. One year the great Canadian department stores and wholesale houses that supplied small retail stores with toys sent their buyers to Germany to purchase toys. Since the outbreak of the war German goods of all kinds being excluded from Canada the large department stores and the wholesale houses have found it exceedingly difficult to get toys to supply the Canadian demand and similar conditions prevail in every country of the British Empire.

The Department of Trade and Commerce has recently received several enquiries from England as to whether Canadians can supply toys to take the place of the German toys now excluded from the United Kingdom.

With a view to encouraging the manufacture of toys in Canada both for the home market and for export Sir George Foster has arranged for a Toy Conference which will take place in the Royal Bank Building at the corner of King and Yonge Streets, Toronto, on the 28th of March beginning at 10 o'clock in the morning. A large number of samples of German toys such as were formerly imported into Canada will be on exhibition to show Canadian manufacturers what the Germans supplied and there will be a collection of American toys to show what our neighbors in the United States have been doing to replace German toys. It is hoped that all Canadian manufacturers of toys will send exhibits so that the exhibition will be thoroughly representative. There has been a surprising development of toy manu-

facturing in Canada since the outbreak of the war and there are known to be not less than twenty-four toy manufacturers in Canada at the present time, there may be others. All manufacturers of children's playthings and games are invited to send exhibits. Most of the toy manufacturing toys in Canada are making them as a side line, using waste materials, but there are a few concerns that are devoting their entire attention to the manufacturing of toys. Exhibits should be addressed, Toy Conference, Royal Bank Building, corner King and Yonge Streets, Toronto.

All Canadian toy manufacturers, all department stores, wholesale houses and retail merchants who handle toys are invited to send representatives to this Conference, and any others who may be interested in making or selling toys will be welcomed.

As one of the objects of the Conference is to interest capital in the development of toy industries already established it is hoped that capitalists willing to investigate the possibilities of the industry will be present at the Conference. It is believed that many of our large industries might make use of waste materials in the manufacture of toys and it will be well worth while for such industries to send representatives to the Conference.

Sir George Foster will take the chair and deliver the opening address.

The Black Hand

The Secretary of the municipality of Acadia has received an anonymous letter, in which the writer threatens "That if the council sell any farmers goods for taxes this year they will have their horses and other stock poisoned." The writer proceeds "The stuff is ready and you will get it as sure as we get the taxes."

We are glad to note that the council will spare no expense in an effort to unearth the culprit or culprits and that the matter has been placed in competent hands.

If the writer of this cowardly letter hoped to scare the council into submission, he made a very poor guess as to the calibre of the men who represent his district and it is to be hoped that when he is brought to book—as he assuredly will—his punishment will be such that he will never be tempted to indulge anymore anonymous letters.

Dance at Excel

A very enjoyable dance was held in the Excel hall last Friday night in honor of Mr. McKibbin.

Among those who attended from Oyen were Mr. and Mrs. A. Owens, the Misses Edstrom, Metz, and Swinison and Messrs. Peterson, Naimith, E. Lee, Dunford, McConnell, Lawrence, McCormack and Dr. Luckner. During the supper interval speeches were made by Messrs. Kirkpatrick, Ains, H. S. Higgins and Dr. Luckner. The latter two gentlemen were given a very hearty ovation.

Mr. Wm. Rennie, who has been on the sick list for the last two weeks, left for his home in Manitoba where he will undergo an operation for appendicitis.

Financial statements of the Rural Municipalities of Corral and Golden Center, will be published in the next issue of the Oyen News.

Local Item

Dr. Luckner, Dentist, will be in Oyen from the 1st to 5th, inclusive and 11th to 15th, inclusive, every month. Careful Rm. to 10th, inclusive. Remember the dates.

Red Cross Notes

The next sewing meeting of the Oyen branch of the Red Cross Society will be held at the residence of Mrs. J. Howard Alexander, on Thursday, March 30th, at 8 o'clock p.m.

The Red Cross Society of the Oyen Branch wishes to inform those in the town and surrounding country who are interested in sewing for the Red Cross, that cut materials and samples are always on hand at the home of Mrs. J. Naimith, Jr., on 1st Ave. East. Any one who wishes to take material home for sewing will be provided with same if they will call at the above address. Also a quantity of yarn on hand for knitting.

He Knew Some

Edmund had just begun to attend the public school, and had found a new friend, a child of whom Edmund's mother had never heard.

Ottawa Girl's Message of Hope

TELLS TIRE WOMEN OF DODD'S KIDNEY PILLS

Mrs. Logan Tells How They Relieved Her of Pains and Aches so Many Run-down Women Know

Ottawa, Ont.—(Special)—"I am glad to say I have found in Dodd's Kidney Pills a most wonderful remedy for all my troubles."

Nothing slow about the Japanese. Tokio merchant advertisers that "books are dispatched to customers' houses with the rapidity of a shot from a cannon's mouth."

While the total value of farm products of British Columbia in 1914 was over \$200,000,000 the Province bought from the rest of Canada \$200,000,000 of the same class of goods.

"Safety first" seems to be the motto of some of the Japanese in India. When an alien prisoner is brought before them, they consider the possibility of a plot to escape.

Greatest Results

often come from simplest means.

For instance—One's daily food plays a big part in deciding for success or failure.

To bring out the best mental and physical forces, sound nourishment is imperative.

Grape-Nuts
—A FOOD

made of whole wheat and malted barley, supplies in splendid proportion all the rich nourishment of the grains, including the valuable mineral elements, lacking in many foods, but most necessary for health and activity of brain and body.

"There's a Reason" for Grape-Nuts
Made in Canada
Sold by Grocers.

Protection for the Musk-ox

Rare Northern Ruminant is Following the Fur Trade to Extinction

Robes made from the skins of musk-oxen are very valuable. As the musk-ox inhabits high latitudes, it is the most capable of withstanding cold.

The question of protection of musk-ox is an important one, in view of their diminishing numbers, the ease with which they may be shot and the high market value of their skins.

The Dominion Government must do as it can, the fur trade is a serious problem, provide a reserve within which musk-ox will be absolutely safe.

The musk-ox forms an important item in the food and clothing supply of the Eskimos, and we owe it to our northern people that we live in comfort where nature is rigid and of her deprivation of necessities that our wealthy classes may add to their luxuries.

THE ACUTE PAIN FROM NEURALGIA

Permanently Cured Through the Use of Dr. Williams' Pink Pills

A clever medical writer has said that "Neuralgia is a cry from the heart and serves for better blood. In other words, it is a cry from the heart and is only a symptom, but a very painful one."

Dr. Williams' Pink Pills cure neuralgia. The real cure is the blood. Dr. Williams' Pink Pills cure neuralgia. The real cure is the blood.

How's This? We offer one Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

WORMS

"Worms" that attack the matter of men, stomach and intestinal tract. Nearly as bad as dysentery. Cures the worms, the appetite and tone, and restores the system to health. Spohn Medical Co., Chemists, Goshen, Ind., U.S.A.

More than 300 Japanese have emigrated in Vancouver for overseas service. The citizens in Canada from the Empire of Japan are doing their share in contributing men for the ranks of the army.

Minorsville, June 27, '15. Minorsville Lumber Co., Limited. Gentlemen,—It affords me great pleasure and much gratification to you to know that after using 30 bottles of your Liniment on a case of paralysis which my father was afflicted with, he was able to restore him to normal condition. Hoping other sufferers may be benefited by the use of your Liniment, I am, Sincerely yours, GEO. H. HOLMES.

Mr. Peasimist (hearing up as he reads paper)—British Mesopotamian states. Mr. Peasimist (The worst of it). They mess up all their successes.

The indications of worms are restlessness, grinding of the teeth, picking of the nose, and much of the kind. The worms are in the stomach. Under these conditions the best remedy that can be administered is Dr. Williams' Pink Pills. It will attack the worms as soon as administered and will bring them out of the system. The worms will be immediately eased and a return of the appetite will be noticed.

"Was her father violent when you asked him for her hand?" "Was her father violent when you asked him for her hand?" "Was her father violent when you asked him for her hand?"

Minorsville Lumber Co. Gold, etc. Of Course It was little Ed's first term at school and his mother had been telling the rich old uncle how well the boy was getting along with his studies and how dearly he loved his school.

"Well, my little man," said the uncle as the child returned home, "what do you do in school all day?" "I wait till it's time to go home," was today's masterful reply.

Customer—I like this parrot, I hope he doesn't utter any bad language. Dealer—'Emphatically. Never. Mr. W. W. Why, I have heard that parrots that swore something awful, but I have never seen one that swore and reformed the lot.

Operation Ordered For Appendicitis—Used Dr. Chase's Kidney-Liver Pills and Was Completely Cured.

Mrs. J. A. Ballantyne, Sturgeonville, Ont. My husband was treated for appendicitis and the doctor ordered an operation. But he refused to consent to an operation and he was cured by Dr. Chase's Kidney-Liver Pills.

R. M. of Acadia No.241

Minutes of Regular Meeting

Regular meeting of the Council of the Rural Municipality of Acadia was held in the Acadia Valley Hall on Wednesday, the 10th, day of March.

Present—Reeve Peers, and Councillors Hallman, Hill and Adams.

The first matter to come before the Council was the following anonymous letter—

"Mr. Graham—
"Please tell the Council board that if they sell any farmers goods for taxes this year, they will have their horses and other stock poisoned. I mean all those who agree to this law, both old and new Council. The stuff is ready and you will get it as sure as you get the taxes."

The Council after hearing several pieces of evidence in this connection, are of one opinion as to the identity of the writer. The matter has been placed in competent hands and no amount of expense will be spared in running the culprit or culprits to earth.

Estimates from School Districts as follows were accepted.
Olevannah 8000.00
Hopewell 365.00
Bryant 300.00
Edendale 800.00
Curlye 373.34
Lonely Trail 609.00
Superba 1200.00
Graindale 710.00
Bonnie Bear 530.00

A resolution was passed authorizing the borrowing from the Bank of Toronto for School purposes of four thousand six hundred and fifty dollars.

The following were paid:—
Western Municipal News, stationery 8.25
Wm. Denton commission for tax collecting 283.28
G. Harbert, 1 wolf bounty 8.15
C. M. Faulker, 1 do 8.15
D. M. Graham 1 do 3.40
D. M. Graham, salary 606.65
500 packages of gophericide was ordered from J. H. Puley of Alaska. This will be distributed in convenient places throughout the Municipality and can be obtained free of charge at the rate of one package to each half section.

A resolution was passed in the form of a petition to the minutes of Public Works, Edmonton, pointing out the inconvenience to a large number of farmers in this municipality owing to the unsatisfactory ways and means now provided for crossing the Red Deer River and asking that a suitable trade bridge be constructed in the vicinity of Empress at the earliest possible date.

Under the order of business reports of committees. Councillor Hallman gave a very interesting and instructive report of the different questions taken up by the Convention of Rural Municipalities held at Edmonton on a February 10th, 7th, and 18th.
One resolution which appealed to the council as being more particularly interesting to this Municipality and which Mr. Hallman was pleased to report had passed at the convention and would in all probability become law in the near future, was in connection with the herd law, that owners of stock running at large during the closed season, be responsible for damage done whether crop be enclosed by lawful fence or not.

By-law No. 9 appointing E. L. Burgess and J. H. Frey, poundkeepers in place of J. A. Hamilton and W. J. Nichol, resigned, was finally passed and goes into effect immediately.

The Council were unable to come to a decision on the appointment of a Weed Inspector and it was accordingly tabled.

High-class Clothing

We offer you values unsurpassed anywhere for quality, style and workmanship. If you want a suit it will pay you to see our stock before purchasing. We handle only clothing that we can guarantee to give good service.

to be taken up at next meeting when it is hoped there will be a full attendance.

Council then adjourned to meet again the first Monday in April at 10:30 o'clock.

Belgian Relief Fund Red Cross Fund Patriotic Fund

At a Box Social, given in the Kirkwall school house last Wednesday, the sum of \$115.00 was collected. Of this amount \$7.50 was given to the Red Cross Society and \$87.50 to the Belgian Relief Fund.

A Social in the Cappon school house, given under the auspices of the School trustees last week, was a great success. The proceeds amounted to \$20.00 and this amount was handed over to Mr. J. Howard Alexander, Acting Secretary of the local branch of the Patriotic Fund.

The people of the Kirkwall and Cappon School Districts are to be congratulated on their fine donations.

Locals

Rev. G. A. Steele took a trip to Calgary last week to attend a meeting of the Co-operation committee of the Stettler District. The meeting was held on Tuesday evening, March 14th, at 8 p.m. As far as Youngstown District is concerned no changes were affected.

Rev. E. Eason of Chibougamau will be present on Sunday, April 2nd, to conduct the Anniversary services in Oyen Methodist Church.

Mr. and Mrs. Henry Bois of Seal, who have been spending the winter months with their parents in the States, returned home on Tuesday.
